Preparing for a course

Information On completion of your payment, you will receive an email with an overview of your booked course, this will give more information on what to expect and what to bring with you.

Medical It is your responsibility to inform SSW in advance about any medical conditions which may affect your participation in the course. This is for safety reasons only and will be kept strictly confidential. Due to the nature of the facilities and processes used in the courses at SSW we need to ensure that participation with said medical conditions is safe. If the Course Leader considers participation to be high risk then we may ask for a letter from a medical professional to outline participant's ability to participate in the course. It is your responsibility to bring and have available any medication in sufficient quantity for the duration of the course and additional in case of having to self-isolate while resident at SSW.

Personal Care Assistants

SSW endeavours to support users with Personal Care Assistants (PCA) to access SSW. Users must inform SSW Programme and Communications

Manager in advance of confirming their booking if they intend to visit SSW with the support of a PCA. If this is possible the user's PCA will be welcomed at no additional cost, except where the PCA also plans to participate in the course or use the workshops. In this instance the PCA will also be charged as a second participant or Open Access user.

Pets and service animals

Service animals are welcome at SSW within the main building, accommodation and ceramics workshop. Unfortunately we cannot welcome service animals into the foundry, wood or metal workshops.

The staff team regularly brings their pet dogs to work. If you dislike dogs, have a fear or allergy please let a member of staff know and we will arrange for alternative dog-care. Due to there being dogs on site regularly we cannot welcome any other pets (including dogs) to SSW, except service animals.

Travel

Participants must book their own travel to and from SSW. There is information on travelling to SSW on the contact page of our website.

Accommodation

If the course is booked to include accommodation at Scottish Sculpture Workshop, one private room will be offered per booking either on site at SSW or at No. 17 (our communal house 2 minutes from the SSW site). Residential participants agree to abide by the site rules at all times and will undertake and sign a site induction form on arrival.

If by error, accommodation is not available at SSW despite being booked by a participant, the participant will be contacted in the first instance and a refund offered for the proportional cost of accommodation. If unavailability of accommodation makes it impossible for the participant to attend the course then a full refund for the course cost will be issued.

In some instances alternative accommodation in the local area may be suggested. SSW is not responsible for booking other accommodation and will not take liability for any experience or cancellation of alternative accommodation.

Insurance

We advise participants to obtain travel insurance which covers yourself and your belongings. If you choose to take part in a course without adequate insurance, SSW will not be liable for any losses or injuries.

Limit of Liability

Your safety is of the utmost importance and we take great care to demonstrate safe techniques and processes. There will always be an experienced person leading the course and one first aider (they may be the same person). We will always deliver a thorough safety briefing at the start of the session and indicate safe practice throughout the course. Participants agree to abide by the SSW Health and Safety Policy and to follow the instruction of the Course Leader at all times. We cannot be held responsible for any injury or death that takes place through unsafe practice by course participants, in opposition to the above terms.

Scottish Sculpture Workshop reserves the right to cancel the booking of any participant if, in the opinion of course leaders, the participant's behaviour is not in line with our Shared Values Statement or Health and Safety policy.
