Equal Opportunities Monitoring

Scottish Sculpture Workshop (SSW), Counterflows and Creative Scotland are committed to offering clear and accessible application processes and programmes that are open to everyone. We put equality at the heart of our activity, and we aim to acknowledge and reflect the diversity in Scotland today in all our work. This questionnaire asks for statistical information only. It includes questions on age, gender, ethnicity, disability and sexual orientation - all defined 'protected characteristics' in The Equality Act 2010 and in accordance with Creative Scotland's reporting requirements.

We are also carrying out monitoring of socio-economic background, in recognition of under-representation in the arts of people from a lower socio-economic background. To improve the sector's ability to address this, it is important to capture information about people's backgrounds. We would therefore like to ask you a question about your parents or caregivers. The questions and categories below are matched with the Labour Force Survey. They are endorsed by Arts Council England and the Bridge Group. The data you provide here is managed confidentially and is processed in accordance with the Data Protection Act and SSW's Privacy Notice.
